

JACOB'S RIDE FOR HEARING

MEET & GREET BEFORE THE GAME

Some children in our group will participate in an "ON THE FIELD" competition game, between innings, during the game!

ABOUT JACOB

Jacob Landis was born with normal hearing, but slowly went deaf between the ages of two and 10. In 1999, Jacob received a Cochlear Implant and rejoined the hearing world.

Since 2013, Jacob has ridden his bicycle across the country three times, totalling over 15,000 miles to raise awareness and money for cochlear implants and implant surgeries.
